PREFACE

This report summarizes data on adult felony sentences in the state of Washington for the period July 1, 2007 through June 30, 2008 (Fiscal Year 2008). There were 28,194 felony sentences imposed during this period, which is a 3.4 percent decrease from the number of sentences imposed in Fiscal Year 2007.

Under the Sentencing Reform Act (SRA) of 1981, as amended, RCW 9.94A *et seq.*, felony offenses are ordered within standard (presumptive) sentence ranges unless an exceptional sentence is imposed. The appropriate presumptive range is determined by reference to the seriousness of the current offense, the number and type of the offender's prior offenses and other current offenses. In most cases, an offender will receive a sentence within the standard range for that offense. In Fiscal Year 2008, 3.27 percent of felony sentences are reported as "exceptional" sentences; sentences that fell outside the standard sentence range.

A sentencing judge may order exceptional sentences outside the standard range when substantial and compelling reasons, either aggravating or mitigating factors, exist. Exceptional sentences may be appealed by the defense or by the prosecution and defendants have a right to a jury trial on aggravating factors. Standard range sentences are not appealable. Occasionally, exceptional sentences do not result in confinement for periods outside the standard range. Such sentences may be used to require community supervision beyond the standard range or to require treatment in situations where such treatment is not required in a standard sentence.

Standard range lengths of confinement for some offenses may be reduced up to 50 percent for good behavior, but may not be extended. There are limits on earned release time for serious violent and Class A sex crimes, crimes against persons, specified drug crimes, residential burglary and other specified offenses. This prohibition extends to persons with prior convictions as well.

The legislature has created sentence enhancements for situations related to felony traffic crimes involving intoxication, crimes involving a deadly weapon, and certain drug-related crimes.

Alternatives to standard range sentences are available for some offenders. One example is a sentence under the First-time Offender Waiver (FTOW). Non-violent first time felony offenders, who have not committed sex and drug offenses, may have the standard sentence waived. Using this alternative, the sentencing judge imposes up to 90 days in jail, up to two years of community supervision and several other non-offense related conditions, such as community based treatment.

Sex offenders with no prior felony sex convictions may receive another type of alternative sentence under the Special Sex Offender Sentencing Alternative (SSOSA). The alternative applies to sex offenders who have not been convicted of a serious violent offense with a sexual motivation finding or of Rape 1, Attempted Rape 1 or Rape 2 and who have a current offense and criminal history that permits the court to impose a sentence within the standard range of less than eleven years confinement. A person sentenced under SSOSA receives a suspended sentence

within the standard range, a jail term of up to twelve months, and several conditions of sentence that may include inpatient and/or outpatient treatment.

The Drug Offender Sentencing Alternative (DOSA) also permits departure from standard range sentencing and results in a reduction of confinement time for eligible offenders combined with intensive treatment in confinement and community based supervision. A DOSA sentence may be imposed for offenders convicted of a non-violent, non-sex offense. Such offenders may not have other current or prior convictions involving sex offense at any time or violent offenses within ten years before conviction of the current offense, and must not have committed an offense involving a weapon enhancement. Additionally, where the current offense constitutes a violation under the Uniform Controlled Substance Act, the court must determine that the offense involved a small quantity of the controlled substance. (*See* RCW 9.94A.660) A court opting for the DOSA option imposes a sentence of one-half of the midpoint of the presumptive standard range for the offense, to be served in a prison facility. The remainder of the midpoint of the standard range is served as a term of community custody, which must include substance abuse treatment, crime-related prohibitions and testing and monitoring for drug use.

The tables in this report were generated from the Commission's database, which includes data on SRA offenders sentenced during Fiscal Year 2008. Comments or questions may be directed to the Commission at:

EXECUTIVE SUMMARY¹

- In FY08, the total number of felony sentences imposed in Washington decreased 3.43%, from 29,196 sentences in FY07 to 28,194 sentences in FY08.
- Changes in the rate and number of sentences imposed between FY07 and FY08 are summarized as follows:

-1.4 % Robbery (from 634 to 625)	-10.2 % Drugs (from 10,005 to 8,987)
-1.0 % Property (from 10,399 to 10,291)	+18.1 % Manslaughter (from 94 to 111)
-6.7 % Sex (from 1,634 to 1,524)	-12.3 % Murder (from 138 to 121)
+4.7 % Assaults (from 4,406 to 4,614)	
- In FY08, 13 offenders were sentenced to life in prison as persistent offenders under the “three strikes” provision of RCW 9.94A.030 (37)(a). In addition, 4 sex offenders were sentenced to life in prison under the “two-strike” provision of RCW 9.94A.30 (37)(b). The 17 new persistent offender sentences imposed in FY08 resulted in a decrease of 39.3% from the 28 sentences in FY07.
- The percentage of felony sentences that resulted in a prison sentence decreased slightly from 34.9% in FY07 to 34.2% in FY08.
- The average prison sentence in FY08 was 37.5 months, up slightly from 36.6 months in FY07. The average jail sentence length in FY08 was down slightly from 3.2 months in FY07 to 3.1 months in FY08. Overall, the average sentence length of all felony sentences in FY08 remained unchanged from FY07 at 14.8 months.
- In FY08, the number of sentences imposed for Violations of the Uniform Controlled Substances Act (VUCSA) decreased by 13.3% from the previous year. The number of sentences for “dealing” offenses decreased by 7% and the number of sentences for “non-dealing” offenses decreased by 14.6%.
- The number of First-time Offender Waivers (FTOW) granted slightly increased from 1,358 in FY07 to 1,362 in FY08, a 0.3% increase. Approximately 59% of the FTOW sentences were below the standard range minimum, and 40% were within the standard range.
- The number of offenders receiving a Special Sex Offender Sentencing Alternative (SSOSA) decreased from 121 in FY07 to 104 in FY08, a 14% decrease.
- The number of offenders receiving a Drug Offender Sentencing Alternative (DOSA) increased from 1,029 sentences in FY07 to 1,108 in FY08, a increase of 7.7%. These are all non-exceptional sentences.

¹ The numbers of sentences referenced in this report are as of January 6, 2009. These are subject to change as missing sentencing data becomes available.

* Death sentence.

** Life sentence.

n.a. = not applicable

NOTE 1: Calculations of average sentence length exclude life/death sentences.

NOTE 2: The above categories are those used by the Department of Corrections and the Caseload Forecast Council for forecasting purposes and are not identical to classifications under the Sentencing Reform Act. For example, the sex categories include pornography and prostitution offenses, which are not classified as sex offenses per se under the Sentencing Reform Act.

NOTE 3: The data reported above for the categories of "assault" and "other" are not comparable to reports prior to FY02. In FY02 the crime categories were revised to more closely match those used by the Department of Corrections and the Caseload Forecast Council. A number of crimes previously reported in the category "other" were re-categorized under "assault".

NOTE 4: The category "Sex" is not comparable to reports prior to FY07 because that category now includes offenses in any forecasting category that were committed with sexual motivation.

**Table 7. Sentences with Deadly Weapon Findings
Fiscal Year 2008**

The table below lists deadly weapon enhancements, by offense and type of weapon, for those sentences receiving a deadly weapon enhancement. Deadly weapon enhancements for offenses committed prior to July 24, 1995 do not distinguish firearms from other deadly weapons. Initiative I-159 ("Hard Time for Armed Crime") provides deadly weapon enhancements for any felony offense committed after July 23, 1995. I-159 enhancements are greater for firearms than for other deadly weapons (see RCW 9.94A.533).

*Exceptional sentences include departures above or below the standard range, as well as sentences in which the court orders a term of confinement within the standard range, but under terms of an exceptional sentence adds conditions not allowed as part of the standard range (e.g., treatment).

**Sex offenders who have no prior felony sex convictions may receive a sentence under the Special Sex Offender Sentencing Alternative (SSOSA) if they are not convicted of a serious violent offense with a sexual motivation finding or of Rape 1, Attempted Rape 1, or Rape 2 and have a current offense and criminal history that permits the court to impose a sentence within the standard range of less than eleven years confinement. Under current law, offenders sentenced under this alternative receive a suspended sentence and may receive up to twelve months in jail, community supervision for three years or the length of the suspended sentence (whichever is greater), inpatient or outpatient sex offender treatment, crime-related prohibitions and requirements for affirmative conduct. If the offender violates the conditions of supervision, the original suspended sentence may be imposed.

***Offenders are eligible for the First-time Offender Waiver if the current offense is not a violent offense, sex offense or certain drug offenses, and if the offender has no prior felony convictions. If the First-time Offender Waiver is used, the standard range is waived and the offender may receive up to 90 days in jail, two years of community supervision, crime-related prohibitions and requirements for affirmative conduct. An aggravated departure occurs when an offender with a 0 to 60-day standard range (a Seriousness Level I offense with an offender score of 0) receives a sentence over 60 days (up to 90 days).

****The Standard Range category includes some sentence departures not resulting from the use of the First-time Offender Waiver, SSOSA or an exceptional sentence. These departures often occur as the result of clerical errors.

¹ These data are not comparable to reports prior to the FY98 report. Prior to FY98, criminal history that had "washed out" was not taken into consideration in determining eligibility.

¹ The "WHERE IN THE RANGE?" (WIR) column in this table displays a statistic based on the sentences of those offenders sentenced within the standard range. The statistic presents the average sentence for these offenders as a number from 0 to 100, where 0 corresponds to a sentence at the bottom of the range and 100 a sentence at the top of the range. Thus an average at the midpoint of the range corresponds to a WIR score of 50 (i.e., 50% of the range).

² All life/death sentences for Aggravated Murder are "within the range." Offenders may also be sentenced to life as "Persistent Offenders" or as part of an exceptional sentence. Life sentences for Persistent Offenders are considered to be within the standard range. Life sentences ordered as part of an exceptional sentence are above the standard range.

EXCEPTIONAL SENTENCES

Under provisions of the Sentencing Reform Act (SRA), every adult felony offense has a presumed range of punishment determined by the seriousness of the offense, by the number and type of other current offenses and by the number and type of prior adult and juvenile offenses. The presumptive range for certain offenses may be increased for weapon usage, for dealing drugs in a school or other protected zone or for certain drug offenses committed in a correctional facility. The presumptive range is decreased by 25 percent if the current offense is an attempt, conspiracy or solicitation to commit a felony. Some alternative sentences are possible under the First-time Offender Waiver (FTOW) for first time offenders, excluding violent, sex or certain drug offenders. In addition, the Special Sex Offender Sentencing Alternative (SSOSA) allows suspended sentences for certain offenders, and the Drug Offender Sentencing Alternative (DOSA) allows for reduced confinement time for eligible offenders.

The SRA presumes that, in most cases, a sentencing judge will impose a sentence within the standard range for the offense. An exceptional sentence is a sentence outside the standard range. (Alternative sentences under FTOW, SSOSA or DOSA are not considered exceptional sentences.) An exceptional sentence is allowed if there are substantial and compelling reasons supported by the record. An aggravated sentence must be based on a factor listed in RCW 9.94A.535 and the defendant has right to a jury trial on the facts and circumstances underlying an aggravating factor. The judge is required to record these reasons in writing. Some exceptional sentences do not result in incarceration outside the standard range, but are used to provide sentence conditions not otherwise permitted (*e.g.*, lengthy community supervision). The prosecution or the defense may appeal exceptional sentences.

The following tables summarize the reasons recorded by sentencing judges when imposing exceptional sentences. Reasons are summarized separately for mitigated sentences, aggravated sentences and sentences within the standard range.

SEX OFFENDER SENTENCING UNDER RCW 9.94A.712

During the 2001 Second Special Session, the Legislature enacted 3ESSB 6151 – The Management of Sex Offenders in the Civil Commitment and Criminal Justice Systems. The new system is often called “determinate plus.” Essentially, any offender, who is not a persistent offender, who is sentenced for any one of the offenses enumerated in RCW 9.94A.712(1)(a)(i) or (ii), or an attempt to commit any of those offenses, or is convicted of any sex offense, except failure to register, and has a prior conviction for a “two-strike” offense under RCW 9.94A.030(32)(b), is to receive an indeterminate sentence. The only exception is for offenders seventeen years old or younger at the time of the offense who are sentenced for rape of a child in the first degree, rape of a child in the second degree or child molestation in the first degree.

The minimum term of the sentence is to be set in the standard range, according to the seriousness level of the offense and the offender score. The minimum term may also constitute an exceptional sentence as provided by RCW 9.94A.535. The maximum term is the statutory maximum sentence for the offense. Offenders sentenced to an indeterminate sentence are eligible for earned release pursuant to RCW 9.94A.728, have the opportunity for sex offender treatment while incarcerated and may be eligible for the Special Sex Offender Sentencing Alternative as provided in RCW 9.94A.670.

Offenders sentenced under the “determinate plus” scheme fall under the purview of the Indeterminate Sentence Review Board through the maximum term of the sentence. Those released from prison will be supervised by the Department of Corrections and will remain on community custody through the maximum term of the sentence.
